

## VIRTUOSO TECHNICAL RIDER

### Technical Requirements

- 4K projector or HD LED display
- Audio jack for computer
- Countryman microphone
- If audience is >300 pax, CUE clicker
- Presentation can run from your computer at the control room or from Felipe's MacBook Pro
- Felipe will bring HDMI adaptors
- 2 Bottles of cold water on stage

### Piano Options

- Grand Piano [Yamaha or Steinway preferred], or
- 88 weighed keys Digital Piano with sustain pedal + 1/4 stereo audio lines and monitor on stage
- See piano rental guide for vendor directory

### Piano Positioning

- Grand piano should be positioned at the right hand of the stage [facing the stage] as shown on this picture:

Felipe's presentation is designed on a 16:9 ratio. If you have an ultra wide or a special dimensions screen, please let us know to make the necessary adjustments.
